CONTENTS.

Correspondence of the Resident and Agent, Governor-General, North-West Frontier, Lahore, and Chief Commissioner of the Cis and Trans Sutlej Territories, from the 1st January 1848 to the 7th April 1849.

1. The records of which this is a Press List are contained in Books 172, 178, 190, 191, 192 and 195, and from the 6th March 1848 in Weekly Abstracts of Proceedings. As noted in Volume IX, Mr. J. Lawrence was officiating as Resident at Lahore and Agent, Governor-General, North-West Frontier, pending the arrival of Sir F. Currie, who joined at Lahore on the 6th March 1848. From that date the designation of Resident at Lahore and Agent, Governor-General, North-West Frontier, was altered to Resident at Lahore and Chief Commissioner of the Cis and Trans Sutlej Territories, which territories were transferred from the control of the Government of India to that of the Chief Commissioner.

2. The Resident corresponded as such direct with the Government of India, while his correspondence as Chief Commissioner was conducted through his Secretary, Mr. J. F. D. Inglis. Sir F. Currie continued to hold the offices of Resident and Chief Commissioner until the 1st of February 1849, when he was succeeded by Sir H. M. Lawrence, returned from leave.

3. The correspondence in this volume embraces the period from the 1st January 1848 to the 7th April 1849, when, on the annexation of the Punjab, the post of Resident was abolished and a Board of Administration constituted for the affairs of the Punjab.

4. The Assistants to the Resident during the period in question, *viz.*, 1st January 1848 to 7th April 1849, were—

Edwardes, Asst Resident, Bannu, acknowledges receipt of the Resdt.'s letters Nos. 3,* 11* and 12,* dated the 4th, 11th and 12th Jany. 1848. With due deference to the Resdt.'s opinion, Lieut. 352 *concld.*				the Resdt. with a Persian proceeding dated the 3rd April 1848. The Resdt. regrets to say that the terms of the order appear most objectionable, so much so that he replied to the proceeding by directing that Major Lawrence would desist from issuing the proclamation if not already issued, or if issued to recall it. The proclamation declares that "if any Afghan in the Peshâwar Province shall be found abroad after 8 o'clock at night in the neighbourhood of any city, cantonment or the environs thereof, he shall be slain, or arrested; and that no responsibility shall attach to any one and no question of any kind shall be asked." The Resident, after dwelling in strong terms on the unjustifiableness of such an order in almost any class of society, and the risk run by thus proclaiming indemnity for manslaughter in a country where feuds and dissensions are so rife, directs Major Lawrence to alter his proclamation to fine and imprisonment on all persons disobeying the order to remain at home after 8 o'clock at night. Requests Major Lawrence will in future submit for the Resident's sanction all general proclamations involving regulations connected with the administration at large. (D.) 353 *concld.*				ried into execution such a sentence, and further that he did not hold any judicial proceedings or keep any record of the sentence. Maj. Lawrence explains that the City Kotwal reported that the woman in question had pimped for her son and that on being satisfied that she was a professed procuress, Major Lawrence sentenced her as above mentioned and further to grind grain in the bazar for 10 days. In explanation and defence of his unrecorded order, Major Lawrence says that he has too much to do to take depositions and record proceedings in the cases that come before him. Sir F. Currie considers Major Lawrence's order arbitrary and not justified by the circumstances. There was no complaint made by any one. Maj. Lawrence must be aware that professed procuresses abound in all native cities and there is no law which subjects their calling to the penalty he has inflicted. Sir F. Currie has already in a late case in which Major Lawrence confiscated property to a large amount without judicial proceedings, explained to him that he must make a record of every case in which he passes a sentence. In petty ones, it should not be very full, but a robkari stating the nature of the charge, the plea of the accused, the evidence adduced, and the sentence passed must be written. Sir F. Currie invites the attention of Major Lawrence to these instructions for the future. (D.) (*Vide* Serial No. 404 *infra.*)	Week ending 15th April 1848.	268	...

398	27th April 1848.	From—The Hon'ble Sir F. Currie, Bart., Resdt., Lahore. To—The Earl of Dalhousie, Govr.-Genl.	Multán outbreak.	In continuation of his letter of yesterday, Sir F. Currie, Resdt., Lahore, informs the Govr.-Genl. that the Chiefs who had started for Multán have been recalled. The Resdt. explained to them that under existing circumstances they could not expect British aid in putting down the rebellion in Multán. The Chiefs have one and all declared that their troops cannot be relied on and they are unable to coerce Díwan Mulraj. The Resdt. considers it absolutely necessary that the British Government should avenge the murder of its officers and has addressed the Commander-in-Chief asking whether it is possible to undertake military operations on the scale required at this season of the year. Currie, Resdt., Lahore, addressing the C.-in-C., refers to his letter to the Govr.-General stating the circumstances under which he had determined to forego his intention of marching the Movable Column from Lahore to aid the Darbar troops in putting down the disturbances at Multán. The Chiefs who had started for Multán have been recalled. They declare that they are unable without the aid of a British force to take measures to reduce the fort of Multán into which Mulraj has thrown himself. The Resident is of opinion that from a political point of view it is of the utmost importance that a British force should move on Multán, but it is for the C.-in-C. to determine whether operations can be undertaken at the present advanced season of the year (C.) Movements of Lt. Edwardes.	Lieutenant Edwardes, addressing the Resident, Lahore, reports that the delay in advancing on Multán is giving the enemy great confidence and that an immediate advance is necessary to relieve the pressure on Leiah. Even the crossing of Bahawal Khan with his force would be sufficient to make Mulraj concentrate all his attention on Multán and withdraw his troops from the direction of Leiah, where a large force under the command of his brother Sham Singh and his best officers is assembled. Lieutenant Edwardes asks the Resident to let him know as soon as possible what plan he intends to follow, and if operations are to be postponed until the cold weather Lieutenant Edwardes begs that the Resident will order Bahawal Khan to send a strong force to his assistance. States that it is unfortunate that the letters to him were intercepted by the enemy as he does not know how to act. Asks to be kept informed of what is going on. Encloses one of Mulraj's "Calls to arms," and adds that if any delay occurs in besieging Multán, Mulraj will very soon have a very formidable army of Pathans independent of any assistance from the Sikhs. Lieutenant Edwardes has agreed to these terms, and encloses a copy of his letters to Díwan Mulraj and the Pathans for the Resdt.'s approval. The Secret Committee observes that the general picture of the state of the Punjab given in the papers contains nothing which should discourage the Govt. in regard to the final result, and the views of the Offg. Resdt., Mr. J. Lawrence, are judicious and sound. The Secret Committee agrees with him that the more directly and uniformly British management is introduced into the Punjab the more beneficial will be the result, but we must proceed with caution. The tranquillity in which affairs were found at Pesháwar is gratifying. The question of disarming the people of Bannu has been properly reserved for decision by the Resident. His proclamations breathe a language of defiance and intimidation which circumstances may render necessary, but which the Resdt. will, of course, check if he should prefer a more conciliatory tone. The Secret Committee is glad to hear that the force prepared to resist the attacks of the Afghan tribes round and about Bannu is sufficient for the purpose, and it entirely concurs in the necessity of putting the province of Pesháwar in a complete state of defence. The letters regarding the discovery of minerals in Pesháwar and on the banks of the Jhelum are very interesting and the Secret Committee hopes the research will be followed up with success. (O.) Sir F. Currie, Resdt., Lahore, addressing Capt. Abbott states he laments but is not surprised at the desertions reported, and sends for Capt. Abbott's information copies of his letters to Govt., Nos. 130 and 132. The Resident has neither the time nor the inclination to enter into discussions with his Assistants regarding his measures, but he has considered it just to them to record all their letters, and forborne to notice with censure or even disapprobation the terms—not often the most becoming—in which Captain Abbott's admonitions and remonstrances have been couched, out of consideration to his somewhat peculiar position. Capt. Abbott's attention appears to have been engrossed in the affairs of his charge and he has failed to observe what has been in progress elsewhere. The Resdt. adds that he is far from blaming Captain Abbott "for paying full attention to these matters and considering his own jurisdiction as that to which he cannot give too much or too anxious attention, but it may appear to those who will peruse the records that before taking upon himself to admonish, censure and remonstrate at the acts of his official superior it would have been well if he had informed himself of the nature and extent of his proceedings." 795	No. 42 B., dated 3rd-4th July 1848.	From—Lieut. H. B. Edwardes, Assistant Resdt, Tibbee. To—The Hon'ble Sir F. Currie, Bart., Resdt, Lahore.	Immediate advance on Multán advocated by Lieut. Edwardes. Lieut. Edwardes wounded accidentally. Distrust of Raja Sher Singh's force.	Lieut. Edwardes reports on the position of Díwan Mulraj, who is hemmed in in his fort. Advocates the immediate advance of a British force against Multán and states that we should not be deterred by the inclemency of the season. Mentions having wounded himself accidentally in the hand, and that he is incapacitated from using either a sword or a pen. Acknowledges the Resident's letter No. 287, dated the 27th June, and is glad to find that an immediate advance is to be made on Multán. Lieut. Edwardes doubts if the Nawab of Bahá-walpur will be able to provide any carriage as his resources in this respect are exhausted. Suggests the abrogation of the order suspending the collection of revenues in the Multán ilaka as funds are needed for the payment of the troops. Reports the movements of Raja Sher Singh's force and states that he has been obliged to order the Raja to join him. Arrangements have been made for the safe escort of Dr. Cole to his camp. Lieuts. Edwardes and Lake will shortly submit the report required on the country round Multán, but it is sufficient to say that siege operations against the fort are perfectly feasible all the year round and no danger need be apprehended from inundations. Lieut. Edwardes adds that Sardar Ajit Singh, Pucka Sirdarwala (*sic.*) has surrendered, but his case is so flagrant that Lieut. Edwardes has ordered Shaikh Imam-ud-dín to put him under arrest and confiscate his jagir. The Sardar will be sent to Lahore as an example. (O.) The Secy. to the Govt. of India acknowledges the receipt of the Resdt.'s letter No. 147,* dated the 29th June 1848, and states that the Govr.-Genl. in Council having carefully considered the despatches addressed to him, and having weighed the reasons which have been adduced for the immediate despatch of a force against Multán, entirely concurs with the C.-in-C. in adhering to the former determination of Government and in abstaining from moving British troops upon Multán at this season of the year. The reasons which induced Government to abstain from bringing an army into the field until after the cessation of the rains exist in all their original force and it would be unwise to depart from the previous determination of Govt. maturely considered and deliberately formed. An advance will therefore not be made until the proper season. Meanwhile the troops under the command of Lieut. The Resdt., Lahore, forwards, for the information of the Government of India, copies of diaries and correspondence from which he fears that a serious collision has taken place in Hazára between the armed Muhammadan population and the Sikh troops in that Province, and that the collision has been occasioned by the treatment received by Sardar Chatar Singh, Atariwala, the Nazim of the Province, at the hands of Capt. Abbott, Asst. Resdt., who suspected the Sardar of treachery and estranged him from him. The Resdt. reports such particulars of the collision as have reached him, and also the death of Comedan Canara, who was shot down for refusing to obey the orders of Sardar Chatar Singh. Nicholson reports that after he despatched his letter yesterday he learnt that Capt. Abbott's regiment stationed at Kharora had deserted that post and arrived at Ráwalpindi *en route* to Hazára. Lieut. Nicholson has ordered out his levies and intends opposing the rebels at Márgalla. Encloses a murasila received from Sardar Chatar Singh, to which Lt. Nicholson believes that the late unfortunate occurrences in Hazára are attributable to the mutual distrust entertained by the Nazim and Capt. Abbott of each other's proceedings and intentions. Capt. Abbott has intercepted letters from Sardar Chatar Singh to Maharaja Gulab Singh calling on him for assistance, and it can be proved that the Sardar has sent agents to corrupt the Pesháwar Force. Lieut. Nicholson considers that his arrival in this part of the country was very opportune. It has saved Attock and had its effect on Hazára. (O.) States that he expects a Vakíl from Sardar Chatar Singh, and details the manner in which the Sardar has committed himself. Lieut. Nicholson feels certain that the Sardar will not accede to any terms in which a free pardon is not included, and if the Resdt. is unable to grant this no time should be lost in sending a force to quell the rebellion. Capt. Abbott reports that the Sikhs have assembled at Haripur by order of Sardar Chatar Singh to set free the brigade in Pakhli which is intent on marching to Lahore. Colonel Canara was shot down for refusing to obey the orders of Sardar Chatar Singh. Capt. Abbott hopes that Govt. will provide for Canara's family. Abbott acknowledges the Resident's letter of the 10th August 1848 and hopes that some of the several accounts he has written of the Hazára affair will reach the Resident. Captain Abbott could not possibly have answered the Sardar's "foul-mouthed letter," so he has dismissed the Sardar's Vakíl with a statement of his demands. Capt. Abbott has placed a force in the Márgalla Pass to destroy Partab Singh's Regt. should it refuse to turn back. Capt. Nicholson rode over of his own accord to take command of the operations. Capt. 941 *concld.*	No. 408, dated 19th Augt. 1848.	From—Resdt., Lahore. To—Capt. J. Abbott, Asst. Resdt., Nára, Gandgarh.	Capt. Abbott's reports on rising in Hazára.	Sir F. Currie, Resident, Lahore, acknowledges the preceding letters from Captain Abbott and states that the account of the disturbance in Hazára as given by him does not differ materially from that sent in by the Nazim, which it is only just to both should be investigated. The Resdt. remarks that the initiative was clearly taken by Captain Abbott and the Sardar avers that his measures were only precautionary, and that the death of Comedan Canara was occasioned by his disobedience of orders repeatedly issued. The Resident cannot agree with Capt. Abbott as to the character he assigns to this transaction, as the Sardar was the Govr. of the Province and all the officers of the Sikh Army were bound to obey his orders. The Resdt. observes that nothing is of more importance in reporting on the conduct of others, to be judged by persons at a distance, than that the report should contain a dispassionate statement of facts, without ascribing intentions and motives. Captain Abbott has greatly magnified the offensive means which the march of the Hasan Abdál, Ráwalpindi and Kharora detachments would place at the Nazim's disposal as the details given will show. The Resdt. does not intend to justify Sardar Chatar Singh. His conduct subsequent to Canara's death is highly culpable, but there is *no proof* of misconduct before the rising of the armed peasantry. If the Sardar will return to his allegiance and submit to have his conduct investigated he should be allowed to do so. Meanwhile the Resident awaits a reply to his murasila of the 10th sent by Sardar Jhanda Singh. The Resident trusts Captain Abbott will be able to keep the armed population in hand and do his best, in co-operation with Captain Nicholson, to quell the disturbance. 953	D. O. dated 19th Augt. 1848.	From—Lieut. J. Nicholson, Asst. Resident, Camp Hasan Abdál. To—The Hon'ble Sir F. Currie, Bart., Resdt., Lahore.	Recusancy of Sardar Chatar Singh.	Lieut. Nicholson, Asst. Resident, reports that Sardar Chatar Singh has hitherto failed to comply with the orders sent to him and he has considered that it would be derogatory to address the Sardar again. Lieutenant Nicholson has therefore resolved, in communication with Sardar Jhanda Singh and Captain Abbott, that Sardar Gulab Singh's Vakíl should proceed to Haripur and deliver his master's message to Chatar Singh. Lieut. Nicholson has not heard the result, having returned to Hasan Abdál. Should the Resident concur with Lieutenant Nicholson that Sardar Chatar Singh has placed himself beyond the pale of forgiveness, he urges the necessity of an immediate advance of two British Brigades, as without a guarantee of full pardon to the Sardar there is no chance of amicable arrangements being effected. Lieut. Nicholson acknowledges the Resident's letters of the 15th and 16th Augt. and is glad to find that his proceedings have met with approval. (O.) 953 *concld.*	D. O. dated 20th Augt. 1848.	From—Lieut. J. Nicholson, Asst. Resident, Camp Hasan Abdál. To – Resdt., Lahore.	Recusancy of Sardar Chatar Singh.	Lieut. Nicholson, Asst. Resident, reports that Sardar Jhanda Singh has returned without being able to effect anything like a compromise between Capt. Abbott and Sardar Chatar Singh, as the latter demanded an assurance of full pardon. Lieut. Nicholson has therefore taken it upon himself to offer the Sardar the following terms, which he trusts will be approved :— That if the Sardar comes in immediately and sends the troops he has collected back to their posts, his life and *izzat* will be spared, but he will forfeit his Nazimship and jagir. Capt. Abbott does not concur with Lieut. Nicholson as to the advisability of sending troops from Lahore, but Lieut. Nicholson adheres to his opinion. Lieut. Nicholson mentions that Partab Singh's Regt., which retired from Jáni-ka-Sang, is still at Ráwalpindi and refuses to obey Captain Abbott's order to return to Kharora. (O.) No. 416, dated 23rd Augt. 1848.	From—Resdt., Lahore. To—Lieut. J. Nicholson, Asst. Resident, Camp Hasan Abdál.	Ditto	Sir F. Currie, Resident, Lahore, approves of the terms offered by Lieut. Nicholson to Sardar Chatar Singh in communication with Sardar Jhanda Singh, and confirms and ratifies Lieut. Nicholson's engagement to him should he have acted upon it. Encloses a copy of a letter addressed to Capt. Abbott containing the Resdt.'s determination to send for the Sardar to Lahore, on terms similar to those offered by Lieut. Nicholson. Sardar Gulab Singh has written earnestly to his father, urging him to proceed without delay to Lahore and save the family from the ruin which must otherwise await them. The Resident considers that it would do more harm than good to send British troops towards Hazára at this juncture. Maj. Lawrence agrees in this view. (D.) Lieut. Edwardes, Asst. Resident, referring to the state of affairs in Hazára, reports the details of a most satisfactory interview with Raja Sher Singh, whose loyalty and good feeling would seem to admit of no doubt. The Raja hoped that affairs in Hazára would be amicably settled, and pleaded that his father, Sardar Chatar Singh, should be allowed to resign the post of Nazim of Hazára and proceed on a pilgrimage. Currie, Resdt., Lahore, expresses great satisfaction on the perusal of Lieut. Edwardes' letter, especially after the expressions contained at the close of his private letter of the 17th Augt. 1848 regarding the ferment into which the Sikh force had been thrown by the arrival of the Hazára messengers. The Resident has a high opinion of Raja Sher Singh's integrity of purpose and fidelity, confirmed by his conduct since he joined Lieut. Edwardes at Multán, which appears to the Resident to have been unexceptionable. The Resident sends Lieut. Edwardes for communication to the Raja copies of the Darbar parwana summoning Sardar Chatar Singh to Lahore and of the Resdt.'s murasila assuring him of honourable treatment and consideration, if he complies at once with the order. Sardar Gulab Singh has also strongly urged his father not to ruin the family, and each member of the Darbar has addressed him on the madness of his rebellion against the Govt. (D.) The intelligence from Multán has so altered the aspect of affairs that the Resident's proposal for the assembling of an army at Lahore instead of Ferozepore cannot now be entertained. The first consideration must be to push on our reinforcements to Multán. 1135	No. 512, dated 18th Octr. 1848.	From—The Hon'ble Sir F. Currie, Bart., Resdt., Lahore. To—H. E. the C.-in-C.	Departure of Raja Sher Singh from Multán and his probable movements.	Sir F. Currie, Resident, Lahore, addressing the C.-in-C., reports that Raja Sher Singh, with all his troops, has left Multán: he crossed the Ravi on the 11th and 12th and passed on to Jhang, from whence it is expected he will march to Jalálpur or perhaps Rámnagar, at one of which places it is probable he will cross the Chenab and proceed either to Pind Dádan Khan or Gujrát. Raja Sher Singh threatens to come to Lahore. This he will not do, but his advance to within a few miles of the capital will have a bad effect. The advance of a brigade from Ferozepore to Lahore would make the Raja cross the Chenab at once and proceed up the Chach Doáb, preserving the tranquillity of the Rechna. Adds in a P. S. that the Bannu troops, who at first intended coming to Multán, have decided to join Sardar Chatar Singh. (D.) With reference to H. 1211 *concld.*			Incendiary letters from Raja Sher Singh to Chiefs within the British dominions.	Bedi Chief in the Jullundur Doáb, and to the Sodhís of Anandpur in the Ambála Dist. (*sic*). Inflammatory papers of similar purport are daily falling into the Resdt.'s hands, but he considers it right to put these on record and to send translations of them to Govt. as they, with the letters addressed by Sher Singh and the other rebel leaders to the Maharaja of Patiála and other Chiefs cis-Sutlej, fix upon the Chiefs concerned in the present insurrection the crime of tampering with our subjects and troops beyond the limits of the Lahore State, and of endeavouring to excite revolt in our territories. As the letter to the Hoshiárpur Regt. purports to acknowledge the receipt of a communication from them, the Resdt. has sent it to Mr. J. Lawrence for enquiry in communication with the Comdg. Officer. Part played by force under Major Edwardes in action of Surajkund on 7th Novr. 1848.	Sir F. Currie, Resdt., Lahore, acknowledges Major Edwardes' despatch; states that he has read it with great interest and gratification, and is glad to find that the defection of the Kuthar Mukhi Regiment is not as extensive as was at first supposed. But the conduct of the rest of the Irregular troops was such as to redeem the character of the force, which might have suffered from the defection. Notices the services of General Cortlandt, Lieutenant Pollock, Mr. Quin, Shaikh Imam-ud-dín, and Jowahar Mal Dat, and requests that the acknowledgments of the Resident may be conveyed to them. The Resdt. will acknowledge the services of Lieut. Lake and the Daudputras separately, and would like to know what notice is taken by General Whish of the conduct of Private Howell, who, gallantly and at the risk of his life, prevented the British troops from firing by mistake on some Pathan troops. Of Major Edwardes himself the Resident feels it unnecessary to say more than that he has maintained on the present occasion, the character for zeal, intrepidity and successful management which he had before so justly acquired. Major Edwardes notes that the letters are decidedly original and genuine They establish that no violence was used to induce Sultan Muhammad Khan to deliver up Maj. Lawrence's party to Sardar Chatar Singh and that Dost Muhammad Khan held out hopes of aid to Díwan Mulraj. Major Edwardes adds that the whole correspondence is marked by a bigoted bitterness of hostility to the British in India and a gloating over the treacherous capture of our countrymen at Peshá-war, which show that if Mulraj was not accessory to the murder of Mr. Agnew and Lieut. Anderson he does not repent their murder. (O.) Note.—Printed in Parliamentary Papers relating to the Punjab, 1847-1849—enclosures 6-9 in No. 43.	Ditto	2245-46	...

Ditto	In reply, the Chief Comr. observes that when the defendant is resident within the jurisdiction of our courts, or when the cause of action may have arisen therein, the case is cognizable by the Civil tribunals. This is a rule of general observance : it gives no jurisdiction to the courts over the person or property of the subjects of Independent States within those States, but the court has jurisdiction over the persons, and over the property of all parties residing or found within the limits of the British districts. In the case put by the Comr., Cis-Sutlej States, an action in the Civil Court would lie against the subject or Chief of a Protected State if the cause of action arose therein, but the court would have no authority over the person or property of a party who or which might be beyond its jurisdiction. The court would issue a notice, and if the defendant were not found within the jurisdiction, the Pol. Officer might be requested to cause that notice to be served on him, or an *ishtihar* could be stuck up at the court door, and if the defendant did not appear the case would be proceeded with *ex parte*. Ditto	The Secretary to the Chief Comr. replies that the Chief Comr. observes that if a suspension of the Govt. demand is allowed it will be tantamount to actual remission, for it will afterwards be impossible to collect the full amount of revenue due. The suspension, moreover, of the Government demand in whole parganas appears to the Chief Comr. objectionable, for it is impossible in such a wholesale and arbitrary manner to determine the rates at which remissions which may be absolutely necessary should be allowed. There is much to be taken into consideration in estimating the capabilities of a village to contend against the difficulty of paying up the Government assessment, caused by the failure of the crops on which the demand is due. The rabi harvest throughout the Cis-Sutlej Dts. was a most favourable one, and the present high price of the rabi grains must give the landholders a large profit on the late harvest to meet the deficiency of the present. It appears therefore to the Chief Commissioner that it would be better to make no general suspension of the Govt. demand, but in cases of absolute necessity, ascertained by enquiry on the spot in each separate instance, to remit a portion of the assessment at once.
